**GREASE MONKEY® AUTO MAINTENANCE CENTER
CELEBRATES GRAND OPENING**

Fayetteville, AR, October 1, 2015 – The Grease Monkey® vehicle preventive maintenance center at 1783 N. Crossover Road in Fayetteville, next to the Sonic celebrated its Grand Opening on Friday and Saturday, September 25th and 26th and gave customers \$10 off a Full Service Oil Change and 50% off brake services. Customers enjoyed prize drawings, giveaways, hot dogs, burgers and special offers throughout the weekend.

The center is owned and operated by Paul and Patricia Hulsey of Fayetteville, Arkansas. The center has been remodeled to offer more services that area drivers need, and greater comfort and lobby amenities for customers.

“We’re excited about our new location that will provide convenient, quality vehicle preventive maintenance service to Fayetteville and the surrounding area,” says Paul Hulsey. “The great community response to our grand opening showed us there is a need for a vehicle maintenance center in our area that can handle most of the services required by vehicle manufacturers to maintain the warranty, quickly and affordably.” Grease Monkey® is open Monday –Friday 8-5 and Saturday 8-4. For more information about this location, call 479-582-1783, visit their website at www.greasemonkeyfayetteville1007.com , or find them on Facebook.

Founded in 1978, Grease Monkey International, Inc. is one of the largest automotive maintenance chains not owned by a major oil company, with more than 300 centers located in the United States, Latin America and China. Grease Monkey® centers focus on a “less hassle, more hustle” customer experience to fit the busy lives of the driving public by meeting their vehicle maintenance needs based on vehicle manufacturer recommendations. Grease Monkey® centers provide oil changes and other services that meet or exceed vehicle owner’s manual specifications and maintain warranty requirements. Services include fluid, filter and tire maintenance, as well as brake services. For more information, go to www.greasemonkeyintl.com.
