

## **Blue-White Elects New Company President - Rob Gledhill**

We are pleased to announce that on November 2, 2015, by unanimous vote of the Blue-White Industries Board of Directors, Rob Gledhill was elected to the position of Company President.

Rob has been with the company for more than 25 years and has had experience in all phases of production and marketing. He is highly respected by employees, management, customers and vendors.

Rob was instrumental in the development and launch of Blue-White's Pro-Series® and Proseries-M® lines of metering pumps and flowmeters.

Rob also helped develop new production methods in the machining and assembly phases of the manufacturing process, and more efficient packaging and shipping processes.

Blue-White looks forward to continued growth and success under Rob's leadership.
