ATLANTA'S ONSITE SHINE NOMINATED FOR IDA MOBILE DETAILING COMPANY OF THE YEAR Exotics/Luxury Detailer Breaks Ground on \$1 Million Buildout in Buckhead

BUCKHEAD, GA January 19, 2016 — Jim Thomas, founder of Onsite Shine, Atlanta's luxury automotive and marine detailing shops and mobile detailing services has been nominated for the International Detailing Association's (IDA) Mobile Detailer of the Year Award. Presented to an outstanding mobile detailing professional for their commitment to quality detailing work and who lives up to the IDA Code of Ethics, Onsite Shine was selected by the IDA Nominating Committee and the three finalists will be voted on by the IDA membership. The winner will be announced at the IDA Annual Business Meeting, Friday, January 29 at the 15th Annual Mobile Tech Auto Recon Expo (MTE) & Detailer's Forum in Orlando.

"Our goal is to promote consistency in the detailing industry and that in turn ensures the detailer's customers are receiving the highest quality work available when using an IDA-certified detailer," says IDA president, Rob Schrufer. "Just being nominated for mobile detailing company of the year means you are one of the best in the business."

The nomination comes on top of a very busy year for Thomas. Last year, Onsite Shine expanded their third location next door to Ferrari Maserati of Atlanta on Alpharetta Highway in Roswell last spring; opened a new location in Mount Pleasant, SC this past fall; and recently broke ground on a new 4,500-square-foot facility at the intersection of West Paces Ferry Road and Northside Parkway in Buckhead. That location will open later this year.

He has two detailing shops located inside Cartunes of Atlanta on Roswell Road, and a marine detailing location at Holiday Marina On Lake Lanier in Buford. Onsite Shine also has four mobile detailing units servicing all of metro Atlanta.

"The new Buckhead location is a \$1 million buildout unlike anything anyone has ever seen in the detailing industry with full service hand car washes and all types of exclusive detailing services," says Thomas.

Thomas attends the MTE every year where as an active member of the IDA, he contributes to their membership meetings and roundtable discussions often held at tradeshows and exhibitions several times a year.

"Being nominated for such a prestigious national award by friends and colleagues in the detailing industry whom I know to be exceptional detailers themselves, is quite an honor," says Thomas.
